1. Every item is guaranteed to be as represented, and to give satisfaction, as in all past Bolender sales.
2. All bids are by mail. in fairness to all those who could not attend personally.
3. There are positively no reserves on any item by anyone, and every lot will be sold to the highest bidder, at so much for the lot. All bids will be executed below your bids where other offers permit, in good faith. Where two or more bids are exactly the same on any lot, or tied, the lot goes to the first bidder at exactly his bid.
4. No unlimited bids will be accepted. Mark your highest limit on the bid sheet (on back page of catalogue) and if you need more space for bids, use any ordinary sheet of paper. We will buy as much under your bids as other actual offers permit.
5. New bidders or customers sending bids for the first time at these sales must positively give first class references, or else send a deposit of at least 25 per cent of the total amount of bids. References acceptable would be the name of some other dealer from whom you have had coins on open account, or name of some collector known us, or else name of your bank. To those known to us who have established credit, purchases will be sent out promptly after the sale. In appreciation of this courtesy, the purchaser will remit promptly. Postage and registration or insurance is paid by the purchaser.
6. California buyers will be charged 4 per cent state sales tax.
7. The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.
8. A list of all prices realized at the sale will be supplied for one dollar, if ordered before the sale date.
9. Please send your bids now as there is little time left before the sale.

UNITED STATES SILVER DOLLARS

139. **1795 Silver Dollar. Flowing hair type.** Date spaced 1 795. Reverse with 2 leaves under each wing of eagle. Value lettered on edge, as are all early dollars before 1804. Bolender No. 1. Fine. \$75.
140. **1795 dollar.** Flowing hair, first star does not touch lowest curl. Wide date. Reverse with 3 leaves under each wing of eagle. B-6. Fine. \$75.
141. **1795 dollar.** Flowing hair, the lowest curl ends in a point of first star, after touching another point of same star. Reverse has 10 berries on left branch, 7 on right. B-9. Very fine. Rare variety. \$120.
142. **1795 dollar. Bolender 9a.** The sub-variety with some outlines of a portion of reverse (suction marks) appear on obverse. Very fine. \$140.
143. **1795 dollar. Draped bust type,** also known as the "Fillet head", as hair is tied up in a ribbon or fillet. The variety with the bust well-centered. Only 6 berries in olive branch. The small eagle type. B-15. Strictly fine, with a trifling edge bruise on reverse. A desirable early type coin, well worth \$90 or more.
144. **1796 dollar. Small date, large letters.** B-4. Fine, well centered, and free of any defects. I believe it to be more scarce than generally realized. \$75.
145. **1797 dollar.** Variety with 9 of the 16 stars at left, and **7 stars at right of bust.** Large letters on reverse. B-1. Very good. Scarce. \$70.
146. **1797 dollar.** Variety with 10 stars at left, and **6 stars at right of bust.** Reverse with large letters. Lowest of the 8 berries nearest ribbon bow, is on the **inside** of wreath, while on the preceding coin, it is on the **outside** of wreath. B-3. About fine; trifling nick on obverse edge, and minor edge bruise on reverse. Rare. Worth \$90.
147. **1797 dollar.** 16 stars, 7 at right of bust. **Small letters** on reverse.

Very fine; usual weak striking in center of reverse, because of the high struck bust. Tiny nick on chin, one in field, a few on reverse, not very noticeable, and only mentioned because this is a valuable coin. Bolender No. 2. Extremely rare. It is believed to be one of only 342 coins struck from these dies, the only small letters 1797, and only possibly 20 specimens still exist. At least 5 times as rare as the 1794 dollars. Should bring \$350 or more.

148. **1798 Silver Dollar, with 13 stars and Small Eagle.** This coin shows the die breaks on reverse that very early terminated the use of the die, and making this such a rare variety. B-1a. Very fine in all detail, well-centered and well struck, and free from any defects. Slightly bluish tone. Well worth \$200 or more.
149. **1798 dollar. Knob 9 in date.** Point of 1 touches curl, the 8 very close to bust. Reverse, only 10 perfect arrows and 2 sticks. B-6. Large heraldic eagle. Very fine. \$75.
150. **1798 dollar. Bolender No. 7.** The very rare variety, a "mule" of obverse B.6 with reverse B.3. Very good; many file marks done at mint to reduce planchet weight before striking. Few known. \$100.
151. **1798 dollar. B-14a. Extremely fine.** Nicely toned, but still has traces of original lustre between the hair strands, curls, and stars. Shield and all letters of motto sharp and clear. Similar pieces have sold around \$200 recently.
152. **1798 dollar. Wide date, the 8 united with bust.** B-23. Very fine; faint scratch through hair and ribbon, and small nick in lower part of 1 of date. A sharp coin, well-centered and well struck. \$75.
153. **1798 dollar... B-23a.** Similar to last, but second curl from bottom defectively struck, and most letters bifurcated. Very fine. Well struck up, free of any defects, bluish tone. \$70.
154. **1798 dollar. B-25b. Close date.** Extensive die breaks all around obverse and date, and on reverse from stem to border it is heavy. Very fine, or better, nice bluish tone. some original color close to stars, curls, and date. Free from any defects, a desirable type coin. \$90.
155. **1798 dollar. B-27. Close date with high 8.** Reverse 5 small berries, star distant from eagle's beak. Very fine, well struck, and natural toning. Free from any defects. Such coins are in great demand to-day for nice type sets. \$75.
156. **1798 dollar. B-30. Close date, high 8, with die cracks below date** and up through o to bust. Reverse stars are all very **distant** from the clouds. Extremely fine, perfectly struck, splendid for a type collection,

- without defects, which are generally found on these heavy coins. V. rare variety, rarity 5. Worth \$125.
157. **1798 dollar. B-31a.** Early stages of the die breaks described in Bolender book under this number. Because of die breaks, not well struck up on reverse in area of some stars and clouds. Otherwise very fine. Ex. rare variety, rarity 7. \$150.
 158. **1799 over '98 Silver Dollar.** Bolender No. 3. The 15-star reverse. Two stars almost hidden in the clouds, one at either side. Extremely fine, perfectly centered and well struck, with no defects. A splendid type coin, fit for any collection. V. rare. \$165.
 159. **1799 dollar. B-4.** The obverse irregular date, with the 15-star reverse! All that I have seen, 8 or 10 only, have numerous die cracks all around obverse, causing a usual weakness in the center of reverse. However, all lines in shield, and letters in motto show clearly, on this coin, which is in exceptional condition. Obverse extremely fine, natural gray toning. Reverse v. fine. \$120.
 160. **1799 dollar. B-5a. Perfect date.** The variety with all 6 upper stars on reverse touching clouds. Fine; a few small edge nicks. \$35.
 161. **1799 dollar. B-10c.** Perfect date. Letters in LIBERTY much bifurcated. Very fine and well struck. From the Bolender coll'n., Feb. 1952 sale lot 107. \$85.
 162. **1799 dollar. B-11b.** Only one tiny berry in olive branch. Die break from eagle's lower beak through star to left border. Ex. fine obverse, tiny nick in field; reverse very fine, nick on shield. A rare and choice old dollar, worth \$90.
 163. **1799 dollar. B-12.** Date well spaced. Diff. obverse from preceding, but same reverse die used. Perfect dies. Fine, with some claims to very fine, some original lustre close to figures of date and along curls. \$50.
 164. **1799 dollar. B-12b.** Like the last, but extensive die breaks shattered the die and terminated its use. Obv. ex. fine, rev. very fine. \$85.
 165. **1799 dollar. B-14.** The die flaws in field before eye, and on reverse under AM in AMERICA are diagnostic, and quickly identify this variety. Ex. fine. An attractive piece. \$90
 166. **1799 dollar. B-17a.** The 5 extra large berries, with the two upper ones partly buried in the leaves, quickly identifies this variety and is diagnostic. Ex. fine, without defects. \$85.
 167. **1799 dollar. B-18.** A heavy die break between E and D through left wing of eagle to shield, quickly identifies this variety. Obverse very fine, reverse fine, upper part of eagle weakly struck because of the die failing. Ex. rare, rarity 6. Worth \$90.

-
168. **1799 dollar. B-23.** Variety with only **5 stars** at right side or front of bust. About uncirculated, and has been skillfully cleaned. Perfect even strong impressions. Easily worth \$200 or more.
169. **1800 dollar. B-1.** In date the 180 figures are close together. The first T in STATES on reverse is double-cut. These two things are diagnostic of this very rare variety. Obverse fine, rev. very good. \$60.
170. **1800 dollar. B-3.** In this variety the R in LIBERTY is double-cut. Leaf almost touches base of I in AMERICA slightly right of center. Extremely fine, sharp and well struck, free from any defects, and nearly uncirculated. Of the 6 specimens known to me, this is the second best. The finest is unc. with proof surface and once sold for \$490. This one reasonable at \$300.
171. Same as preceding. The excessively rare B-3. Very good. \$100.
172. **1800 dollar. B-5.** A die dot in lower part of R in LIBERTY and another on reverse just to left of lower part of second T in STATES identify this variety. Almost ex. fine. Worth \$120.
173. **1800 dollar. B-16.** Very good, almost fine. \$40.
174. **1800 dollar. B-18.** Ex. fine, some lustre near stars and letters. Small edge dent below 1 of date. From the Bolender coll'n. and used for the plate in his book. \$90.
175. **1800 dollar. B-18-a.** More advanced and additional die breaks than preceding. Ex. fine, almost unc. \$110.
176. **1801 silver dollar. B-1a.** Wide date. 13 arrows on reverse. Sharply struck, almost uncirculated, with considerable proof surface on both sides. Quite rare so choice. \$160
177. **1801 dollar. B-2.** Wide date. On reverse, the upper part of eagle's beak touches down on point of a star. Very fine. \$80.
178. **1801 dollar. B-3.** Very good. Scratch on reverse. Right foot of all three T's on reverse is missing, in this die work. This easily identifies B-3. \$40.
179. **1801 dollar. B-4.** Close date. About fine. Scarce. \$60.
180. **1802 over '01 dollar. B-2.** Wide date, the most space between 1 and 8. Fine. \$50.
181. **1802 over '01. B-4. Close date,** the 1 firmly touching curl. About uncirculated, beautifully toned, and one of finest known of this variety. \$175.
182. **1802 dollar. B-5. Wide perfect date.** Very rare variety, rarity 6. Extremely fine, almost unc. Sharp even impressions. Some lustre still adhering. The Emanuel Taylor specimen in just slightly better condition was priced at \$695. This is the third best specimen known to me, and valued at \$300.

-
183. **1802 dollar. B-6. Close perfect date.** Right foot of T in LIBERTY missing, which is diagnostic of this variety, the most common of the 1802's. Uncirculated, sharp impressions. Some proof-like surface. \$200. (The Taylor piece was priced at \$395 unc.)
 184. **1803 dollar. B-6.** Large thick 3 in date. Very fine. \$60.
 185. **1803 dollar. B-6a.** Same but with die crack. Very fine. \$70.
 186. **1840 Silver Dollar.** Liberty Seated. First year of this regular type. Uncirculated. Small rev. edge nick. Rare state. Cat. \$60.
 187. Another, as last. Uncirculated; a few tiny nicks that do not much mar this beautiful coin, and the proof surface is certainly a redeeming quality. Just as valuable as last. \$60.
 188. 1841 dollar. Uncirculated. Cat. \$50.
 189. 1843 extremely fine. Choice, nearly unc. \$25.
 190. 1845 extremely fine. \$30.
 191. 1846 dollar, New Orleans mint. Fine. \$22.50.
 192. 1849 silver dollar. V. fine; initials scratched in reverse field very lightly, not too distracting. \$20
 193. **1852 U.S. Silver Dollar. Extremely fine.** Not the same one sold in my 196th sale, but equally choice. This one has some blue and pink toning, some original lustre close to the letters and figures of date. It has just a very tiny edge nick above the head of Liberty. Very rare. Worth \$500 or more.
 194. 1856 silver dollar. Good. Very scarce date. \$20.
 195. **1863 U.S. Silver Dollar, with motto IN GOD WE TRUST as adopted for regular coinage in 1866.** The first year of a U.S. coin with the motto. Sometimes called a "transitional coin". AW-367. Judd No. 345. Brilliant proof; very lightly scratched in right obverse field, but still a rare beauty. Only 7 or 8 minted. Dr. Judd's book prices this at \$250, but I will gladly buy any or all sent me at that price, which is not realistic. A prominent California dealer listed one at \$750. As always, it goes to the highest mail bidder, whether cheap or not.
 196. **1866 silver dollar. Beautiful proof,** toning blue color. The first year with motto, on the regular issue, after type was adopted. Cat. \$75.
 197. **1866 same as preceding, but a trial piece of the dies, struck in copper.** AW-534, Judd No. 541. Red proof. Dr. Judd's \$60 price is ridiculous, as nobody can expect to buy it for that. Dr. Judd believes not over a dozen were struck. If so, the coin is worth a lot more than the \$125 realized for the specimen sold in my 195th sale in March 1959.
 198. **1867 silver dollar. Brilliant proof.** Cat. \$72.50.
 199. **1870 dollar Trial Piece from regular dies, struck in copper.** A.W. No. 847 (same as 879), Judd No. 1020. Copper proof. Dr. Judd's

price of \$85 is too low, as were nearly all estimates of value throughout the book, and a new price list is planned for his otherwise admirable book on pattern coins. Of course we dealers will be happy to **buy** the coins at such prices. It is generally agreed by the experts that about a dozen were minted of this trial piece. The last one I sold a year and a half ago brought \$180.

- 200. 1872 silver dollar. Ex. fine. \$17.50.
- 201. **1776-1876 Centennial of American Independence "So-called Dollar".** Liberty with sword. Issued "by authority of Congress". Silver, dollar size, plain edge, magnificent blue and pink toned proof. \$40.
- 202. **1876 Trial Piece for a Pattern Silver Dollar, struck in copper!** Liberty seated at seashore, holding an olive branch in right hand. Motto IN GOD WE TRUST on cartouche below base. Rev. ONE DOLLAR in wreath, UNITED STATES OF AMERICA around, and E PLURIBUS UNUM below. Reeded edge. AW-1491. Judd No. 1468. Red copper proof. Adams, Woodin, Dr. Judd, and I all agree that only 2 or 3 pieces were coined. It is truly a great rarity that collectors all lack. Dr. Judd's book price is \$250, but as I have before stated, those prices are bargain prices, and the coin is worth considerably more, for it will be a long time, until another is offered, most likely.
- 203. **1878 Trial Piece in Copper, for a Goloid Mstric Dollar.** AW-1568, Judd No. 1562. Beautiful red proof. Reeded edge. Between 15 and 30 believed to have been struck. The proposed plan was to issue these coins in "goloid metal", a new alloy of gold, silver, and copper in such proportions, so that the metals could not be separated, and thus make a legal tender of all debts and duties. The object at the same time was to destroy the rivalry between gold and silver interests. The dollar would thus be conveniently smaller and lighter in weight, but the full value would be there, as the gold and silver would be in such proportions that two of the proposed "goloid dollars" would contain exactly a dollar's worth of gold, and a dollar's worth of silver. As the expense of the parting of the two metals in a coin would be costly, it was thought that the coins would not be melted down for use in manufactures. Estimated value \$100.

BEAUTIFUL LOT OF MORGAN SILVER DOLLARS

The silver dollars of the United States, designed by Morgan, and coined from 1878 to 1921, constitute a series that has become one of the most popular to-day. In my 195th sale, held in March 1959, more bids were received and entered on this series than any other. There are several excellent

reasons for their popularity. Some collectors are getting tired of paying high prices in some other series. The Morgan dollars are the most reasonable in price of any series and never will be cheaper. A number of them have started upward, and we are paying full standard catalogue price for some dates and mints and willing to buy 100 of a kind at that price. Dollars cost no more than small cents, and you have a larger and certainly more beautiful coin, better for shows and displays. Also in case of panic, or bad times, the face value of your collection is 100 times as much, a consideration that would be helpful should days of darkness come. It is good to assemble a collection in this series, while the choice quality coins in this collection are available. I certainly can not always offer such coins. My stock of Morgan dollars is now the lowest in 25 years, and purchases by me in the past year were the lowest in 10 years, because nothing nice enough had showed up except in small lots. We must also remember the Pittman Act of 1918, when almost a third of all Morgan dollars minted were all melted. Also consider the large quantities that have circulated in the old days, as well as in the thousands of casinos in Nevada to-day, where many thousands are carried away by tourists every week, and are soon worn and non-collector items. You will notice the sharpest advance of many of these dollars in price, in the latest edition of the red guide-book of U.S. coins, the biggest rise in price in years, because of the diminishing supply of many dates and mints.

- 204. 1878 dollar, **new type**, Liberty head design by George T. Morgan. Phila. mint. Variety with 7 feathers in eagle's tail. Unc., some golden toning. \$4.

on adopted type. AW-1590, Judd No. 1603. Not more than a dozen of these magnificent pattern dollars were minted. The new Judd book values it at \$200, but dealers including me, are willing to pay \$300 each, and they sold for that and more 7 to 10 years ago, according to sales records. My estimate of \$450 therefore is considered most conservative, for who knows when another specimen of so rare and desirable a coins will be again offered. Brill. proof.

UNITED STATES SILVER TRADE-DOLLARS & PATTERNS

375. **1873 U.S. Pattern Silver Trade Dollar.** Liberty seated to left, similar to regular type, but the base of the design is longer and extends to the serrations of border milling; also other minor differences, most noticeable the sheaf of grain. Reverse, the eagle is much smaller, faces to left instead of right, the arrows are at right instead of left, etc. AW-1308, Judd 1322. Reeded edge. Beautiful proof, pink toning to blue. About 40 to 50 believed to have been coined. Worth \$100 or more. We will be happy to buy any at the new book prices.

COIN COLLECTORS' COLUMN OF COMMENTS

Estimates in this catalogue, or the valuations of the lots, are given as a guide, and are generally the Guide Book or catalogue prices of the 13th edition. In other words the estimates given are values of the various lots described, and you may bid more or less. Our sales are real and honest auction sales, all bids sealed by mail, and the bids are handled by me, as though you were all present at the sale yourselves, the bidding advancing approximately 5% at a time, and the lots sold at about 5% above the second high bid, as a real auction should be. Former customers of my sales know that I will do my level best for you with all bids, and will buy under your bids wherever possible. Please make your bids higher where coins are already selling above catalogue prices. My estimates are reasonable, but in many cases I will be able to get the lots for you below the values stated.

This catalogue was prepared for the printers in April, before the new 14th edition of the Guide Book was available. Therefore, the estimates are usually the old last year's catalogue prices, and you will see in your new Guide book that prices on many coins have advanced, and in some cases very sharply. Kindly take this into consideration, when preparing your bid sheet.

Rare coins and paper money for everybody are to be sold in this sale. Not always do we have so wide a variety, that **we do expect a bid sheet** from nearly every person who receives a catalogue. Our mailing list has grown so large over the past half century (with over 20,000 names of collectors on our lists) that it becomes necessary to revise it, due to high costs

of printing such a catalogue. Therefore, if you are not bidding at this sale, please drop us a card or letter in the mail.

Look at the index in the back part of the catalogue, to find quickly the many interesting items. There are **beautiful coins and currency** in nearly all series, over 6,500 pieces in all, with choice and rare items too numerous to mention. Most of the material in this sale has been off the market for a great many years, and is largely from old estates.

Your bids are worth while at these sales, which are very different from some sales where most items are sold on the floor to room bidders. Since less than 5% of the collectors and dealers are able to attend any public sale in person, I prefer to give every mail bidder equal and fair opportunity to acquire any items in these sales. In this sale, every item goes to mail bidders, and you are one of them. Thus, your chance of successful purchase is much greater than at most sales. Every item is sold without reserve, and to mail bidders only. I have no coin shop nor store, and sell no coins "over the counter". I have no favorites who can phone me the last day of the sale, ask me top bid on any item, and then try to place an extra dollar on that and take it away from you. I do not consider that to be fair to you. I sell only by mail.

If your collection is for sale write to me about it. I want to buy whole collections, or your duplicates. Just write to me, giving a brief outline of what you have to sell.

Biggest bargain in the sale will be the prompt price list you may receive for only one dollar, if ordered in advance of the sale. It shows you just what each item in the sale sold for, and is delivered to you just as fast as your coins are, for we are the most prompt in the business. Price lists are mailed first class within a week after the sale date.

I expect a bid sheet from you. And after you receive your sale lots, if there is anything not satisfactory to you, in any way, I want you to write to me about it. While letters of complaint do not make me as happy as letters of praise, I am just as sincerely interested in them, and I will make every effort for a fair adjustment. At Bolender sales you are guaranteed satisfaction, or money refunded, if coins are returned within a reasonable time, making allowance for vacations, etc. You collectors are my friends, and always will be, when we both do right. I appreciate your bids, and I want you to have nice coins and good value. I hope you do well at this sale. — M. H. Bolender

A FEW OF THE COMMENTS FROM BUYERS AT MY RECENT SALES

"The coins were all as described, just as I expected them to be, but the Tiberius tetradrachm was out of this world! I am so very pleased and want to express my appreciation for your getting them below my bids. Thanks for your usual kindness." — Mrs. C.A.S., Virginia

"I was very pleased with the coins, as all were right up to my expectations, and according to your high standards. The list of prices realized arrived as soon as the coins, and we like this. It speaks well of your office efficiency." — F.W.G., Ontario, Canada

"I am an amateur collector, but enjoy the hobby and bidding at your sales where all coins are as represented, and I am much pleased." — Calif.

"The coins were swell. High priced now of course, but I have never been given a bum steer in any of your auctions, so thank you again." — P.G., Florida

"The prices realized were fabulous, but my collection grows in value." G.E.N., Chicago

"I always enjoy entering bids in your sales, for I usually get some very nice coins." — R.B., Kansas.

"Thanks immensely for the swell service and the wonderful coins." — M.G., Brooklyn, N.Y.

"I was well pleased with the coins I received from your sale." — A.B., Illinois

"Received coins to-day, was sure surprised, they are so nice. Looking forward to next sale". M.C.H., Illinois

"It is a real pleasure to do business with you. The coins were just grand, and I am sure this description applies not only to your numismatic material, but to your long standing of reliability as well." F.O.J., Wisconsin

"Was quite surprised to receive my "Prices Realized List" the same day I received my coins. How nice!" G.H.B., Wisconsin

"I am so very pleased with the beautiful coins." A.B.H., Washington

"Since 'satisfaction' has been synonymous with all 'Bolender Sales' from my first bids at your sales many years ago, I am as usual quite happy with my new purchases." — M.S.F., Ohio

"I am very well pleased, as I am always well satisfied with the coins that I purchase at your sales, because your grading is very fair." — C.W.T., California

"I had coins come in from four other auctions this month, besides yours. The material in your shipment is the best I have received in recent years." — Nevada

"Most of my bids were rather high. This reflects not only the usual lack of availability, but also my confidence in your grading, which leaves no room for criticism." — B.T., Illinois

"I received the surprise package several days ago. Surprised that I was successful on every lot that I went after. And what will keep me well pleased for some time to come, is the fact that I received every lot for less than what I bid." — C.B.A., Michigan
